

Paragon School of Pet Grooming

Vaccination Policy

Paragon requires proof of vaccinations for all clients' pets. This includes walk-in services (nail trims, anal glands, etc.). All vaccinations must be updated in our files annually.

REQUIRED VACCINES:

- Rabies- 1 or 3 year vaccination
- Distemper
- Parvovirus

STRONGLY RECOMMENDED:

- Bordetella
- Fecal Exams
- Parainfluenza

Acceptable Proof of Vaccination

- Vaccination Records from the Veterinarian's office, rescue group, or breeder. They may be faxed, emailed or a hard copy brought to us before the pet's grooming appointment.
- A rabies tag is not an acceptable proof of vaccination.
- If the pet parent is not able to provide the pet's records, we will attempt to contact their Veterinarian for confirmation.

Exclusions

- Older pets that no longer need vaccinations or pets that have special exceptions must have their Veterinarian sign a note stating the reason for not vaccinating.
 - In this case a signed release form stating you understand the risks involved will be asked of you. Paragon retains the right to refuse grooming services to any unvaccinated canines.

Thank you from Paragon for your compliance with our policies.

Your dog's safety is important to us!
